After Dark Events

A court & prison has been here since Robin Hood's time!

Victorian Murder Mystery at the County Gaol

The year is 1856 and the murdered corpse of one of the prison staff has just been discovered. We want you to play sleuth and inspect the gaol and question the suspects. But be warned, they will do all they can to throw you off the scent. Interactive performance is mingled with dinner and drinks.

Voted most haunted building in the UK!

Ghost Tours

Follow in the footsteps of Yvette Fielding and the Most Haunted team deep within our gaol and see if anything paranormal happens to you. With unexplained sounds, smells, sensations and apparitions reported frequently, it won't only be the story teller giving you the heebie jeebies. Whether you're a believer or not you're still going to have a great night!

Evening Crime & Punishment Tours

With exclusive access to one of Nottinghamshire's most iconic buildings, hear about the marauders and murderers that have either passed through or met their end here. Prison life was bleak and brutal, take in the stories and experience the courts, gaol and caves after hours.
